Summary

Enthusiastic Full-Stack Web Developer with expertise in building dynamic, responsive, and user-focused web applications. Dedicated to transforming innovative concepts into reality through clean, efficient, and scalable code.

Experience

Agua Fuente, Senior IT Associate (Reliever)

April 21, 2025 – July 9, 2025

- Hardware Maintenance & Upgrades: Assembled desktop computers and disassembled laptops as needed to upgrade components such as RAM and SSD. Performed deep cleaning and reapplied thermal paste for optimal performance.
- Printer & Network Configuration: Troubleshoot printer issues and configured them to connect with multiple PCs by department. Crimped LAN cables and connected devices to network hubs to ensure stable network access.
- System Setup & Software Installation: Formatted PCs, installed operating systems, set up essential software and connect systems to the NAS file server for shared file access across the organization.

Twodots, Data Analyst

2022 - 2023

- Assessed the accountability and credibility of tenants applying for housing terms by conducting thorough evaluations of provided information.
- Performed detailed reviews of tenant legitimacy documents, including pay stubs, bank statements, and tax returns, ensuring accuracy and compliance with company policies.
- Compiled and presented data-driven insights to support decision-making processes for housing approval, optimizing efficiency and reducing errors in tenant assessment.

Remotasks, Lead Trainer

2020 - 2021

- Assigned trainers to their respective trainees, ensuring efficient work dissemination and adherence to schedules.
- Fostered a positive and professional working environment, cultivating strong relationships and team cohesion.
- Monitored team performance and provided constructive feedback to drive improvement and achieve organizational goals.

Remotasks, Trainer

2019 - 2020

- Introduced and guided trainees in mastering the proper techniques and processes for completing projects effectively.
- Taught trainees the fundamental principles and workspace etiquettes to ensure a professional and collaborative environment.
- Monitored trainee progress and provided individualized support, fostering their growth and confidence in performing tasks.

Flipside, Data Annotator

2018 - 2019

- Annotated data to support self-driving car systems, with a focus on image annotation and LiDAR annotation to drive technological innovation.

Kodego, Full-Stack Web Developer

Vocational, 2022

Xavier Technical Training Center Corp., Computer Technician

Vocational, 2012

Mambugan National High

High School, 2006 - 2010

Skills

HTML/CSS, JavaScript/TypeScript, React JS, Express JS, Node JS, Next JS, MongoDB, Tailwind CSS

Projects

Yourgross.ph

Yourgross.ph is a powerful and intuitive web application designed to help employees, SME business owners, and entrepreneurs effectively track and manage their finances. The platform provides clear insights into daily, weekly, monthly, and yearly income, including metrics like gross, sales, expenses, net income, and profit. Built using modern technologies such as **React.js**, **Express.js**, **Node.js**, **MongoDB**, and **Tailwind CSS**, the application delivers a seamless and responsive user experience. Securely deployed on **cPanel** with a custom domain from **Namecheap**, yourgross.ph empowers users to make informed financial decisions with ease.

Certificates

Diploma
Kodego, September 2022
